SELECTION Childrens Wrist

Selection Childrens Wrist is a standard wrist brace in a, ”glove” version with two closing tabs attached to lacing on the ulnar side of the wrist. It has an adjustable thumb strap and the shape is low cut in the palm area to allow the hand to bend. This model is also cut around the thumb muscles to allow full movement of the thumb. It comes with a simple aluminum stay.

It is intended to help guide the hand and wrist into a functional position. To reduce pain in combination with inflammatory and rheumatic conditions. To reduce spasticity in hand and wrist in neurological conditions.

Made with the airy and comfortable SELECTION material with all the functionality this incorporates.

Recommended Range Of Application

Rheumatic conditions, neurological disorders where wrist position need mild correction or support, after casting for short period of use, and inflammatory conditions.

Contraindications

None known.

Measurements

Measure 1: Wrist circumference

Measure 2: Palm length
