SoftKIT™

All foot drop 2.0 and 2½ Allard AFOs come with a Starter Interface Kit which includes one Starter SoftKIT™ and two Tibia Pads! Every ToeOFF® and BlueROCKER® should have a soft interface between the orthosis and the tibial crest. SoftKIT™ is a padding system that includes two narrow neoprene pads to create a pressure-free channel to help relieve any potential discomfort from bony prominences. An extra pad is included so one can be worn while the other is laundered.
