MikroFIX™ Kits

MikroFIX™ are precut shapes used to adhere the SoftKIT™, ComfortKIT™, or straps to Allard AFOs. They have a pressure-sensitive, strong adhesive backing for easy application. The full MikroFIX™ KIT includes 4 Wing tabs and 2 tear drop shapes. Intended for use with all original Allard AFOs that do not come with the MikroFIX™ pre-applied.

MikroFIX™ Drops are precut tear drop shaped adhesive backed hook used to attach the SoftKIT™ or ComfortKIT™ to the inside of the anterior shell of any Allard AFO. Only available in Black. Choose appropriate size for AFO being fit. Pediatric sizes sold in packages of 1 piece. Adult sizes sold in packages of 2 pieces.

MikroFIX™ Wings are precut shapes for the wings of Allard AFOs only and come in a set of 4. Two pieces for the larger upper wings and two for the smaller lower wings.
