Ankle Foot Stabilizer

Ideal for patients with diabetes, arthritis, Raynaud’s disease and other indications where warmth and stability is desired.

Provides warmth so tendons are more responsive to therapy & exercise. Includes medial and lateral stabilizers. Adjustable closure strap for greater support of weak ankles. Non-slip safety sole. Fits right or left foot.

Recommended Range Of Application

Ideal for patients with diabetes, arthritis, Raynaud’s disease and other indications where warmth and stability is desired.
